CORE SKILLS

- IT Helpdesk (L1–L3)
- Windows OS Troubleshooting
- Windows Server 2022
- Active Directory
- System Administration
- Network Administration
- DNS & IP Configuration
- Hardware Troubleshooting
- Remote Desktop Support
- Ticketing Systems
- Microsoft Office Suite
- Cloud Fundamentals

TOOLS

- UTM (Virtualization)
- Cisco Packet Tracer
- Spiceworks
- AnyDesk / TeamViewer
- Remote Desktop

CERTIFICATES

- Information Technology Fundamentals
IBM SkillsBuild
- Operating Systems Support
Cisco Networking Academy
- IT Customer Support
Cisco Networking Academy
- Security & Connectivity Support
Cisco Networking Academy
- Hardware & Upgrade Support
Cisco Networking Academy

PROFESSIONAL SUMMARY

Motivated BSIT graduate with hands-on experience in IT support, systems administration, and network infrastructure. Skilled in Windows Server 2022, Active Directory, helpdesk workflows, and remote troubleshooting. Seeking roles in IT Support, Helpdesk (L1–L3), Systems Administration, Network Administration, or Cloud Engineering where I can deliver reliable technical support and maintain secure, well-managed IT environments.

- IT Support
- Helpdesk L1–L3
- SysAdmin
- Network Admin
- Cloud Engineer

PROFESSIONAL EXPERIENCE

Data Research Intern Jan 2026 – May 2026
Orkestra Communications — Quezon City

- Performed data validation, cleaning, and quality assurance checks
- Identified inconsistencies and improved data accuracy across records
- Supported workflow improvements by organizing structured data processes
- Collaborated with team members to maintain data integrity and reporting accuracy

HOMELAB & HANDS-ON PROJECTS

UTM Virtual Machines Run Windows Server 2022 and Linux VMs on Mac using UTM for enterprise server and AD practice.	Active Directory Homelab Built AD domain on Server 2022 — users, groups, OUs, GPOs, and domain-joined workstations.
Cisco Packet Tracer Designed network topologies — routers, switches, VLANs, IP addressing, and DNS configuration.	Spiceworks Ticketing Practiced helpdesk workflows — ticket logging, categorization, resolution tracking, and documentation.

EDUCATION

Bachelor of Science in Information Technology 2022 – 2026
FAITH Colleges
Focused on networking, systems administration, IT support, and infrastructure management.

Bachelor of Information Systems 2020 – 2022
FIDELIS Senior High School
Foundations in information systems, programming logic, and technology concepts.

TECHNICAL COMPETENCIES

Systems & Administration: Windows OS troubleshooting, system updates, maintenance, performance optimization, Microsoft Server 2022, Active Directory (homelabs), basic system administration.

Networking: Basic networking (IP configuration, DNS, connectivity), Cisco Packet Tracer simulations, VLAN and subnet design, connectivity troubleshooting.

Support & Hardware: IT helpdesk L1–L3 support, Spiceworks ticketing, remote desktop tools (AnyDesk, TeamViewer), PC setup, hardware diagnostics and upgrades.
